DESIGN EXPERIENCE

Bloc | UX Design Apprenticeship

Jan 2020 - current

- Acquired design skills per industry best practices under a Senior UX Design mentor
- Created and implemented dynamic solutions for apprenticeship projects
- Participated in weekly collaboration sessions with fellow apprentices and senior designers

TheraShelf | Case Study

May 2020-June 2020

Roles: research, wireframes, prototypes, user testing

- Designed for remote rehabilitation therapists
- Manage caseloads, track client progress, organize treatment materials, and collaborate with treatment team

[View the Prototype](#)

Capstone Project - Coming Soon

August 2020 - ongoing

Roles: research, wireframes, prototypes, user testing

OTHER EXPERIENCE

Speech Pathologist | Multiple Locations

July 2017-current

Transferable skills:

- Client-first mentality rooted strongly in empathy
- Formulate actionable, measurable plans from qualitative and quantitative research
- Dynamic re-assessments with subsequent revisions to plans
- Multi-disciplinary collaboration with strong communication
